

## How much do I pay for SWISSTRAFFIC.ai services?

We offer quality at reasonable prices! Starts from CHF 10/hour and all analytical functions are for free!

With SWISSTRAFFIC.ai service you **pay only for hours of the video** that you upload to our SWISSTRAFFIC.ai platform. You do not pay anything for analytical functions that you are using for further processing of the data within the video. Thanks to this process **you do pay for your video only once** at the beginning and then you can set **as many scenarios in your video as you want**. From each video we will give you a free five minutes sample to help you decide if you want a full analysis. We also give you three credits to get started with our services! Use this promo code SWISS-AI\_START\_3 and get three credits for free!

What do you **get for free** if you use SWISSTRAFFIC.ai services?

- **Free access to the** SWISSTRAFFIC.ai platform, where you upload the video and we detect objects and their trajectories for you. It is a place where you can download or store your results as well.
- **License-free analytical tool** (SWISSTRAFFIC.ai Viewer), that you use for visualization of your data, setting scenarios and analysing the video data including exporting the data out of the video.

You **pay for each hour of the video** that you upload to the SWISSTRAFFIC.ai platform.

- SWISSTRAFFIC.ai SCOUT starts at CHF 10/hour of the video,
- SWISSTRAFFIC.ai DRONE starts at CHF 20/hour of the video.

We can provide you with additional functions for a fee as well.

- **Georegistration** (available in SWISSTRAFFIC.ai DRONE)
- **Guarantee of 100% results** (available in SWISSTRAFFIC.ai DRONE)

Thanks to this system **you pay only for the first analysis** of the video through the SWISSTRAFFIC.ai platform and then you can set hundreds of scenarios within the video through SWISSTRAFFIC.ai Viewer for **no extra charges**. If you are not satisfied, we will refund your credits! Try it yourself!

## Our Credit system

SWISSTRAFFIC.ai service is based on a credit system and one shared Credit Wallet for both SWISSTRAFFIC.ai SCOUT and SWISSTRAFFIC.ai DRONE services. See the advantage of this system:

- **Price efficiency:** the more videos you analyse, the lower the price
- **Processing priority:** the higher the package, the higher the priority in processing of your videos
- **Data privacy:** the videos and results are only yours!
- **No size limitation:** 2 hours, 10 hours, or 24 hours of video data? No problem!
- **Data availability:** you can download the results and store them in your PC

You can purchase Credits through our SWISSTRAFFIC.ai platform according to the valid pricelist, where minimal payment per transaction is CHF 10. Or we can issue an invoice for you, so you can pay by bank transfer as well. Feel free to contact us.
