

What do I need to use SWISSTRAFFIC.ai?

Internet browser, standard internet connection, desktop PC and SWISSTRAFFIC.ai Viewer – that's all you need!

Currently, all you need is the **stable internet connection and internet browser** to upload your video to **SWISSTRAFFIC.ai platform** and for downloading your results the **SWISSTRAFFIC.ai Viewer**. Ideally use the **desktop PC with 1920 x 1080 resolution** or higher. The advanced traffic analytics platform is not meant to be used on mobile like resolution devices.

The analysis can be done completely offline – SWISSTRAFFIC.ai Viewer and results will remain with you forever.
